

ENGINE SURVEYS

Thompson Marine has trained technicians to perform marine engine surveys. Our surveys include:

- Engine inspection and photos
- Complete a cold start-up
- Observe the engine at sea trial
- Compare parameters to original factory specifications
- Full lube oil and coolant analysis
- Full report with discrepancies and recommendations

WE'RE HERE FOR YOU

THOMPSON MARINE
Product Support &
Maintenance Solutions

Thompson Marine

PRODUCT SUPPORT & MAINTENANCE SOLUTIONS

With more highly-trained technicians than any other marine power service provider in Alabama and northwest Florida, we're here for you.

MAINTENANCE SERVICES

CUSTOMER VALUE AGREEMENT (CVA)

- We offer standard, factory recommended Monthly, Quarterly, Semi-Annual, and Annual service options. Alternatively, we can offer hourly maintenance intervals based on your engine's unique operating profile.
- Optional Items such as Major Overhauls, Top End Overhauls, Aftercooler Cleaning can be included in a CVA
- Contact your Thompson Marine Product Support Representative to create a customized CVA to meet your budget and your application-specific needs.

FLUID SAMPLING

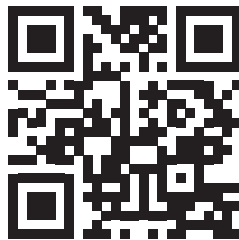

- Analysis helps predict problems before failure
- Poor fuel quality is one of the leading causes of engine failure in generators
- Most sample results within 48 hours

FUEL SOLUTIONS

- Fuel conditioning removes contaminants from storage tanks
- Returns fuel to a usable, pristine condition
- Extends shelf-life of fuel
- Prevents unnecessary disposal of contaminated or aged fuel

DIESEL ENGINE MAINTENANCE

- Propulsion engines
- Ship's power

BERG PROPULSION PRODUCT SUPPORT

Thompson Marine is your dealer for Berg Propulsion thrusters and propellers in Alabama and Northwest Florida.

As your partner for Berg Propulsion service and parts, Thompson Marine is here for you in providing maintenance to ensure continued performance of your Berg propulsion system.

OUR TECHNICIANS ARE TRAINED SPECIALISTS IN:

- Repairing on site controllable pitch propellers, azimuth thrusters and bow thrusters
- Overhauling Berg Propulsion systems in one of our branches
- Assisting in ship docking for propulsion system maintenance
- Replacing existing Berg Propulsion systems
- Optimizing existing Berg Propulsion systems for fuel efficiency
- Commissioning installations of Berg Propulsion systems on newly built vessels

Thompson Marine provides the right parts and service for all installations of Berg Propulsion including MPP (fixed pitch or controlled pitch), MTA, MTT, Twin Fin, Tug Package and MPC 800.

REMOTE FLEET VISION & CONNECTIVITY

Now there's an easier way to monitor and manage your assets, no matter where they're located. Enroll in Cat® Connect Services, and let our expertise in energy turn your data into insights that can improve your profitability.

STANDARD FEATURES:

- Engine and electrical parameters
- Visualization of asset's historical performance (parameters depend on application)
- Events and diagnostics for remote troubleshooting
- Preventive maintenance planning
- Customized dashboards
- Unlimited # of users
- Geo-fencing
- 13 months trending data
- Customized alerts sent by text or email
- Optional remote start/stop
- Mobile app

ENHANCED FEATURES:

- Ability to add high fidelity customer defined data channels
- 3rd party controller support
- Balance of plant data acquisition
- Enhanced graphing with adjustable time period
- Advanced data discovery—select important asset data for analysis

FUEL SOLUTIONS

- Fuel conditioning removes contaminants from storage tanks
- Returns fuel to a usable, CLEAN condition
- Extends shelf-life of fuel
- Prevents unnecessary disposal of contaminated or aged fuel

ENGINE REBUILDS

Protect your investment with our marine engine rebuild services.

- Install the latest required updates and optional performance enhancement upgrades resulting in improved fuel consumption, reduced emissions, matching SOLAS requirements, and reduced owning and operating costs
- Rebuild specifications meet all Caterpillar standards
- Trained service professionals perform these rebuilds using only Cat parts
- Rebuild marine engines at a fraction of the cost of an engine replacement
